## **Consolidation**

**This office consolidation incorporates By-law No. 2009-08, which served to merge the comprehensive zoning by-laws of the former Township of Asphodel and the former Village of Norwood; and also includes all amendments up to By-law No. 2020-22.**

**The Council of The Corporation of The Township of Asphodel-Norwood  
Comprehensive Zoning By-Law  
(By-Law No. 2009-08)**

Being a By-law to regulate the use of lands and the character, location, and use of buildings and structures within the Township of Asphodel-Norwood, pursuant to Section 34 of the Planning Act, R.S.O. 1990, as amended.

Whereas Section 34 of The Planning Act provides that the governing body of a municipal corporation may pass By-laws to regulate the use of lands and the character, location and use of buildings and structures;

And Whereas the Council of the Corporation of the Township of Asphodel-Norwood has recommended that such a By-law be enacted which reflects the amalgamation of the former Township of Asphodel and the former Village of Norwood, to ensure proper and orderly development within the corporate limits of the Township of Asphodel-Norwood;

And Whereas the Council for the Corporation of the Township of Asphodel-Norwood has deemed it to be in the public interest that such a By-law be enacted;

Now Therefore the Council of the Township of Asphodel-Norwood Enacts as follows:

# Section 1

## Interpretation and Administration

### 1.1 **Short Title**

This By-law is known as “The Township of Asphodel-Norwood Comprehensive Zoning By-Law”.

### 1.2 **Scope**

The provisions of this By-Law shall apply to all lands within the limits of the Corporation of the Township of Asphodel-Norwood.

### 1.3 **Application Conformity**

Except as provided by the Planning Act, no building, structure or land shall be used, and no building or structure shall be hereafter erected, structurally altered or enlarged within the limits of the Municipality as now or hereafter legally constituted except in conformity with the provisions of this By-law. Nothing in this By-law shall prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose on the date of passing of this By-law, so long as it continues to be used for that purpose and the use is not discontinued for a period of twelve consecutive months or longer.

### 1.4 **Minimum And Maximum Requirements**

In their interpretation and application, the provisions of this By-law are held to be the minimum and maximum requirements adopted for the promotion of the public health, safety, convenience or general welfare.

### 1.5 **Interpretation**

Unless the contrary intention appears in this By-law, words importing the singular number or the masculine gender include more persons, parties or things of the same kind than one, and female as well as male; and the converse. Words used in the present tense include the future; and the word “shall” is mandatory and not discretionary.

“Illustrations” and “Notes” contained in this document are provided for information and convenience, and do not form part of this By-law.

### 1.6 **Idem (Reference)**

Where the uses of land, buildings or structures permitted in the By-law are defined in general terms, the Committee of Adjustment may permit the use of any land, building or structure for any purpose that, in the opinion of the Committee, conforms to the uses permitted in this By-law.

### 1.7 **Zoning Administrator**

This By-law shall be administered by the Planning Coordinator and/or By-law Enforcement Officer, as appointed by Council.

## **1.8 Building Permits**

Notwithstanding the provisions of the Ontario Building code or any other By-law of the Corporation, no building permit shall be issued where the proposed building, structure or use would be in violation of any of the provisions of this By-law.

## **1.9 Application For Building Permits**

In addition to the requirements of the Building By-law, every application for a building permit shall be accompanied by a plan in duplicate, drawn to scale and showing the following:

- 1.9.1 The true shape and dimension of the lot to be used or upon which it is proposed to erect any building or structure;
- 1.9.2 The proposed location, height and dimensions of any building, structure or use proposed for such lot;
- 1.9.3 Proposed locations and dimensions of any yards, setbacks, landscaping, off-street parking spaces or off-street loading facilities required by this By-law;
- 1.9.4 The location of all existing buildings or structures on the lot; and
- 1.9.5 A statement signed by the owner or his agent duly authorized thereunto in writing, filed with the Chief Building Official, disclosing the current and intended use of each building and structure or part thereof, the sanitary facilities available and all information necessary to determine whether or not such proposed or existing building, structure or use conforms to the requirements of this By-law.

## **1.10 Inspection**

### 1.10.1 Conditions of Entry:

Subject to Clause 1.9.2 of this subsection, the By-law Enforcement Officer, Chief Building Official, or any other officer or employee of the Corporation, acting under the direction of Council, is hereby authorized to enter, at all reasonable hours, upon any property or premises for the purposes of carrying out his duties under this By-law.

### 1.10.2 Restrictions for Entry of Dwelling:

Notwithstanding any provision of clause 1.9.1 of this subsection to the contrary, no officer or employee of the Corporation shall enter any room or place being used as a dwelling or part thereof without the consent of the occupant except under the authority of a search warrant issued pursuant to the Summary Convictions Act.

## **1.11 Enforcement**

Any person convicted of a breach of any provision of this By-Law shall be guilty of an offence, and upon conviction therefore shall forfeit and pay a penalty:

1.11.1 On a first conviction, a fine of not more than \$25,000; and

1.11.2 On a subsequent conviction, a fine of not more than \$10,000 for each day or part thereof upon which the contravention has continued after the day on which the person was first convicted

Where a corporation is convicted under this section, the maximum penalty that may be imposed is:

1.11.3 On a first conviction, a fine of not more than \$50,000; and

1.11.4 On a subsequent conviction, a fine of not more than \$25,000 for each day or part thereof upon which the contravention has continued after the day on which the corporation was first convicted.

## **1.12 Application of Other Statutes and By-Laws**

Nothing in this By-law shall relieve any person from the obligation to comply with the requirements of the Ontario Building Code Act or of any By-law of the Township of Asphodel-Norwood in force from time to time, or the obligation to obtain any license, permit, authority or approval required under any By-law of the Township of Asphodel-Norwood.

## **1.13 Repeal of Existing Zoning By-Laws**

All Zoning By-Laws and amendments thereto, passed pursuant to Section 34 of the *Planning Act*, or a predecessor thereto, and in full force and effect on the date of adoption of this By-law, shall be repealed immediately subsequent to the By-Law coming into full force and effect.

By-Law No. 89-13, as amended, of the Corporation of the Village of Norwood is hereby repealed.

By-Law No. 5-78, as amended, of the Corporation of the Township of Asphodel is hereby repealed.

## **1.14 Validity**

If any section, clause or provision of this By-law including any part of the Zone Schedules attached hereto, is for any reason held to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof, other than the section, clause or provision so declared to be invalid and it is hereby declared to be the intention, that all the remaining sections, clauses and provisions shall remain in full force and effect until repealed.

## **1.15 Zone Boundaries**

For the purpose of this By-law all land within the Township of Asphodel-Norwood is hereby divided into use zones as set out in Section 4 and on the Zoning Schedules.

### **1.16 Road Allowances**

A road allowance is, unless otherwise indicated, included within the zone of the adjoining property on either side thereof, and where such road allowance serves as a boundary between two or more different zones, a line midway in such road allowance and extending in the general direction of the long division thereof is considered the boundary between zones, unless specifically indicated otherwise.

### **1.17 Road Closings**

In the event a dedicated road shown on the map is closed, the property formerly in said road shall be included within the zone of the adjoining property on either side of the said closed road and the zone boundary shall be the former centre line of said road.

### **1.18 Litigation**

This By-law does not affect the rights of any party or any land concerned in any action, litigation or other proceeding pending on the date of the final passage thereof, except to the extent to be determined in the final adjudication of such action, litigation or other proceedings.

  - (ii) The regulations governing the location of any accessory building or structure in relation to a lot line shall not apply to prevent the erection or use of a jointly-owned double garage that services two dwellings, the common lot line of which shall be the dividing line of such garage.
- (c) **Lot Coverage:**  
Except as otherwise permitted herein, the total lot coverage of all accessory buildings or structures on a lot shall not exceed 8% of the lot area.
- (d) **Height:**  
Except as otherwise permitted herein, no accessory building or structure shall exceed 4.5 metres in any zone.
- (e) **Principal Use:**  
No building permit shall be issued for an accessory building or structure until such time as a principal use is constructed.
- (f) **Yards and Setbacks:**  
Except as otherwise provided herein, in the Residential Type 1 (R1) Zone, the Residential Type 2 (R2) Zone, the Residential Type 3 (R3) Zone, Rural Residential (RR) Zone and the Limited Service Residential (LSR) Zone, any accessory building or structure shall be erected:

- (i) in the side or rear yard only;
- (ii) with a minimum side yard of 1.5 metres;
- (iii) with a minimum rear yard of 3 metres;
- (iv) with a minimum separation distance of 1.5 metres from any building, structure, or part thereof, and shall not be intruded upon by any awning, canopy, roof, wall or similar structure; and
- (v) notwithstanding any other provision of this section, for lots within the Residential Type 1 (R1), the Residential Type 2 (R2), or the Residential Type 3 (R3) zone serviced with municipal water and sewer, the minimum side yard setback shall be 1 metre and the minimum rear yard setback shall be 1.5 metres.

### **3.2 Bed And Breakfast Establishments**

The following shall apply to the location and operation of bed and breakfast establishments as defined in this By-Law:

- (a) Bed and breakfast establishments shall be permitted only within a single detached dwelling and shall contain no more than three guest rooms made available for the temporary accommodation of the public;
- (b) A bed and breakfast establishment shall be operated by one or more residents of the single detached dwelling;
- (c) Bed and breakfast establishments shall be permitted in the Residential Type 1 Zone (R1), Rural Residential Zone (RR), Limited Service Residential Zone (LSR), Agricultural Zone (A), and the Rural Zone (RU);
- (d) Parking area requirements shall be in accordance with Section 3.24 of this By-Law;
- (e) One sign shall be permitted for a bed and breakfast establishment provided such sign does not exceed 1 square metre.

### **3.3 Construction Uses**

Buildings and structures incidental to and necessary for construction work on the premises may be permitted in any zone, provided that such uses, buildings or structures are used only as long as necessary for work in progress which has neither been finished or abandoned.

Such uses buildings or structures must be removed when the work in connection with which they are constructed is finished or abandoned.

### **3.4 Established Building Line**

Notwithstanding the yard and setback provisions of this By-Law to the contrary, and with the exception of the Setback from High Water Mark provisions contained within Section 3.31 of this By-Law, where a permitted building or structure is to be erected on a lot in a built up area where there is an established building line extending on either side of the lot, such building or structure may be erected closer to the street line or the centreline of the street, as the case may be, than required by this By-Law, provided such permitted building or structure is not erected closer to the street line or the centreline of the street, as the case may be, than the established building line on the date of the passing of this By-Law.

### **3.5 Existing Lots, Lesser Requirements**

A vacant lot, legally registered and existing on the date of passing of this By-Law, that has less than the minimum lot frontage and/or minimum lot area required in the applicable zone of this By-Law may be developed for all uses in the applicable zone provided that:

- (a) All other provisions of this By-Law are satisfied; and,
- (b) Such lot meets the servicing requirements of the authority having jurisdiction.

### **3.6 Fences**

- (a) Measurement:

Fences shall follow, where possible, the terrain of the property with minor variations in height allowed for when dealing with changes in grade.

- (b) Location:

No person shall erect or cause to be erected in a front yard or exterior side yard a fence that is higher than 1 metre above grade.

No person shall erect or cause to be erected in a rear yard or side yard a fence which is higher than 2 metres above grade.

- (c) Adjacent Zones:

Notwithstanding subsection 3.6(b) above, where a Residential zone abuts an Industrial or Commercial zone, the height of the fence shall be no higher than 3 metres in the rear yard or side yard only.

Where an Industrial zone abuts a Rural or Agricultural zone, the height of the fence shall be no higher than 3 metres in the rear yard or side yard only.

### 3.7 Flood Susceptible Lands

#### Flood Fringe Area -F(#)

Lands within the established downtown core area of Norwood which are susceptible to flooding and have been designated as either Floodway or Flood Fringe in the Official Plan. Areas within the Floodway have been placed within the Environmental Protection (EP) zone, while areas within the Flood Fringe have been denoted by a special sub-category identified by the letter "F" followed by a number in brackets, for example F(212.7). The numerical value within the aforementioned brackets shall be the minimum elevation for flood proofing in metres based upon the Norwood Flood Plain Mapping (1989 Map Datum).

Where a zone symbol on the Schedules is followed by the symbol F(#) the following regulations shall apply:

- (a) all provisions which are applicable within a zone category for the use of land, building or structure permitted within the new zone category shall also apply where a special F(#) sub-category is also in effect;
- (b) all new buildings and structures shall be designed to withstand any anticipated hydrostatic forces resulting from a Regulatory Flood;
- (c) the composition and strength of all structural materials used in construction are to be adequate to avoid deterioration from flooding;
- (d) no new basements or expansions to existing basements shall be permitted unless it is flood proofed and designed to withstand hydrostatic pressures;
- (e) the minimum elevation of the ground or first floor level and any exterior building openings of any new development or redevelopment shall not be less than the minimum elevation for flood proofing;
- (f) notwithstanding subsection (e) above where these requirements are not feasible due to technical or legal reasons or would cause a major disruption in the streetscape, flood proofed doors or shields or other solutions acceptable to the municipality and the Otonabee Region Conservation Authority may be utilized for the development or redevelopment of new commercial and non-residential structures;
- (g) notwithstanding subsection (f) above the minimum elevation of the ground or first floor level and any exterior openings of any minor addition or renovation to an existing building or structure shall not be lower than the existing ground floor level;
- (h) the minimum elevation for flood proofing shall be the Regulatory Flood elevation based upon engineered flood plain mapping as approved by the Otonabee Region Conservation Authority;
- (i) new residential structures or the redevelopment or major renovation/addition to existing residential structures shall only be permitted where the habitable floor

space elevation is located above the Regulatory Flood level and safe access and safe parking can be achieved;

- (j) flood storage loss compensation for all development/redevelopment will not be required, however, new development/redevelopment must not adversely impact existing structures upstream or downstream as a result of increasing flood levels and/or velocities;
- (k) new development associated with substances of a chemical, hazardous or toxic nature which may pose an unacceptable threat to public safety if damaged as a result of flooding or failure of flood proofing measures, shall not be permitted to locate below the Regulatory Flood level;
- (l) new nursing homes, hospitals, homes for the aged, senior citizen apartments, group homes for the physically or mentally challenged, day care centres, or other similar uses for which flooding could pose a significant danger to the inhabitants shall not be permitted to locate below the Regulatory Flood level;
- (m) new development associated with services such as those provided by fire, police and ambulance stations and electrical substations which would be impaired during a flood emergency as a result of flooding, or failure of flood proofing measures, shall not be permitted below the Regulatory Flood level;
- (n) new building services such as electrical and heating systems shall be located above the Regulatory Flood elevation, but where this is not possible, building services shall be flood proofed to the Regulatory Flood level; and,
- (o) the construction or erection of a building or structure on the footprint of a previous structure which has been destroyed or demolished by fire or natural causes may be permitted subject to the written approval of the Otonabee Region Conservation Authority and the Municipality.

For the purposes of this section, the following definitions shall apply:

**Regional Storm** is the Timmins storm centred event;

**Regulatory Flood** means the flood resulting from the Timmins storm centred event or the 1:100 year flood, whichever is greater, as determined by the Otonabee Region Conservation Authority;

**Flood proofing** means a combination of structural changes and/or adjustments incorporated into the basic design and/or construction or alteration of individual buildings, structures or properties subject to flooding so as to eliminate or reduce flood damages;

**Development** means the construction, erection or placing of new buildings or structures, including additions to existing buildings or structures, on land and includes a minor addition or renovation;

**Redevelopment** means the removal of buildings or structures from land and the development of new buildings or structures on the same site, and includes a minor addition or renovation;

**Minor addition or renovation** means the alteration of an existing building or structure that increases the size of a building by less than 50% of the existing ground floor area and which does not substantially increase the value of the building;

**Safe access** means pedestrian and vehicular access/evacuation routes direct or elevated, for residential purposes, not flooded to a depth greater than 0.3 metres;

**Safe parking** means parking facilities designed so as to minimize flood damages and not interfere with flood flows. Parking facilities for residential purposes shall be considered safe where flood depths do not exceed 0.3 metres.

### **3.8 Frontage On A Public Street**

- (a) No person shall erect any building or structure on a lot unless such lot abuts a street or road as defined herein. This provision shall not apply to a lot on a registered plan of subdivision registered subsequent to the date of passing of this By-law.
- (b) If a lot is located in a Limited Service Residential (LSR) or Recreational Commercial (C2) Zone, and if such lot does not abut a street or road, then the lot shall be exempt from the provisions of Section 3.8(a) hereof, provided such lot abuts a private right-of-way or navigable waterway.
- (c) Where a lot of record existed as of the date of passing of this By-Law in the Rural (RU) or Agricultural (A) zone, and if such lot abuts a private right-of-way, then such lot shall be exempt from the provisions of Sections 3.8 (a) hereof as it applies to agricultural buildings only, as defined herein, provided that all other applicable provisions and regulations of this by-law are complied with.

### **3.9 Height Exemption**

Notwithstanding the height provisions contained herein, nothing in this By-Law shall apply to prevent the erection, alteration or use of the following accessory buildings or structures provided the main use is a permitted use within the zone in which it is located:

- |                         |                                     |
|-------------------------|-------------------------------------|
| a barn;                 | a feed or bedding storage use;      |
| a bridge;               | a flag pole;                        |
| a bulk storage tank;    | a hydroelectric transmission tower; |
| a chimney;              | a television antenna;               |
| a church spire;         | a farm implement shed;              |
| a clock tower;          | a radio antenna;                    |
| a communications tower; | a silo;                             |
| a corn crib;            | a water tower;                      |
| a drying elevator;      |                                     |

### **3.10 Holding Provision**

Notwithstanding any other provision of this By-Law to the contrary, where a zone symbol is followed by a holding symbol denoted "H", no person shall use such lands except for such purposes existing as of the date of passing of this By-Law and, further, no person shall enlarge, extend, reconstruct any existing building or structure except where such building or structure existed as of the date of passing of this By-Law and the existing building or structure is a use permitted within the principal zone classification.

### **3.11 Home Industry**

A home industry may be conducted in whole or in part in an accessory building, provided that it is clearly secondary to the main residential use of the property and provided that:

- (a) No more than one person, other than a person residing in the dwelling, shall be employed in the home industry;
- (b) There shall be no outside storage of materials, supplies, tools, equipment or goods which are used for or result from the home industry;
- (c) There shall be no external advertising other than a non-illuminated sign which shall not exceed 1 square metre in size and shall comply with any applicable sign by-law;
- (d) The maximum floor area shall be 46.5 square metres;
- (e) No equipment or process shall be used which creates noise, vibration, glare, fumes, odours or electrical interference in excess of that normally experienced in a residential neighbourhood.

### **3.12 Home Occupation**

No person shall carry on or engage in a home occupation except in accordance with the following regulations:

- (a) No person other than a resident of the dwelling shall be engaged in such occupation;
- (b) Such home occupation shall be secondary to the main residential use and shall not change the residential character of the dwelling nor create or become a nuisance, particularly having regard for noise, odour, traffic and parking;
- (c) There shall be no external advertising other than a non-illuminated sign which shall not exceed 1 square metre in size and shall comply with any applicable sign by-law;
- (d) No goods, wares or merchandise, other than arts and crafts, shall be directly offered or exposed for sale or rent in the dwelling unit or on the lot;

- (e) Such home occupation shall not interfere with television or radio reception of others in adjacent buildings or structures;
- (f) The home occupation may be operated or located in any part of the dwelling or dwelling unit provided that the home occupation located on the lot shall not occupy more than a floor area equivalent to 25% of the building area of the lot, or 25% of the floor area of the dwelling unit, or 37 square metres of floor area, whichever is the least;
- (g) There shall be no mechanical or other equipment used except that which is customarily employed in a dwelling for domestic or household purposes; and
- (h) There shall be no open storage of materials, supplies, tools, equipment or goods which are used for or result from the occupation.

### **3.13 Illumination**

Lighting fixtures designed for exterior illumination, which are not public uses, shall be installed with the light directed and deflected away from adjacent lots and streets. Such lighting fixtures shall not be more than 9 metres above finished grade and no closer than 4.5 metres to any street line.

### **3.14 Kennels**

Kennels may only be permitted by amendment to this By-Law in the Agricultural (A) and Rural (RU) zones, provided the following criteria can be met:

- (a) The lot on which the kennel is to be located must have a minimum lot area of 6 hectares; and
- (b) The kennel must not be located within 61 metres of any streetline; and
- (c) The kennel must not be located within 61 metres of any adjacent lot line.

### **3.15 Livestock**

The keeping of livestock, horses, poultry or any other animals, items or uses customarily and normally related to the field of agriculture shall only be permitted in the Agricultural (A) and Rural (RU) zones and in accordance with the applicable regulations of this By-Law.

### **3.16 Loading Space Regulations**

The owner or occupant of any lot, building or structure erected or used for any purpose involving the receiving, shipping, loading or unloading of persons, animals, goods, wares and merchandise, and raw materials shall provide and maintain the premises on the lot occupied by the building or structure and not forming part of a public street or land, within the zone in which such use is located, loading and unloading spaces 9.0

metres long, 3.5 metres wide and having a vertical clearance of at least 4.5 metres, and in accordance with the following:

<b>Total Floor Area of Building or Structure</b>	<b>Number of Loading Spaces Required</b>
279 square metres or less	1
Exceeding 279 square metres but not 2,323 square metres	2
Exceeding 2,323 square metres but not 7,432 square metres	3
Exceeding 7,432 square metres	3 plus one additional space for each additional 9,290 square metres or fractional part thereof in excess of 7,432 square metres

In addition to the above number of loading spaces, one waiting space shall be provided for the parking of vehicles awaiting access to each loading space.

(a) Access

Access to loading or unloading spaces shall be by means of a driveway at least 6 metres wide, contained on the lot on which the spaces are located, and leading to an improved public street or lane which has a minimum width of 6 metres.

(b) Location

The required loading spaces shall be located in the interior side or rear yard unless such spaces are set back from the street line a minimum distance of 15 metres, or as may otherwise be prohibited herein.

(c) Additions to or change in the use of existing Buildings

The loading space requirements referred to herein shall not apply to any building in existence at the date of passing of this By-Law so long as the floor area, as it existed at such date, is not increased. If an addition is made to the building or structure which increases the floor area, or there is a change in use, additional loading spaces shall be provided as required above in accordance with the provisions of the Loading Space Requirement Table for such addition or change in use.

### **3.17 Lots Containing More Than One Use**

Where a lot contains, or is proposed to contain, more than one use, each use shall conform to the provisions of this By-Law for the zone where such use is located provided that no dwelling, as may be permitted, shall be erected closer than 6 metres to

any other building or structure on the lot except for an accessory building or structure as may be permitted in accordance with the regulations contained in Section 3.1 of this By-Law. Each such use shall be considered to be located on a separate lot for the purpose of determining zone provisions.

### **3.18 Lots Divided Into More Than One Zone**

Where a lot is divided into more than one zone, each such portion of the lot shall be used in accordance with the provisions of this By-Law for the zone where such portion of the lot is located. Each such portion of the lot shall be considered as a separate lot for the purpose of determining zone provisions.

### **3.19 Marine Facilities**

Notwithstanding any other provisions of this By-law to the contrary, where ownership of a lot extends to the high water mark, a marine facility, boathouse, pump house or dock may be erected adjacent to a lot line when said lot line is on a body of water.

A pump house may not be located closer than 3.0 metres to a side lot line.

A boathouse may not be located closer than 3.0 metres to a side lot line; shall not exceed a maximum height of 4.9 metres as measured from the elevation of the highwater level; and shall not exceed a maximum total floor area of 74 square metres.

### **3.20 Minimum Distance Separation (MDS)**

Notwithstanding any other yard or setback provisions of this By-Law to the contrary, no residential, institutional, commercial, industrial or recreational use, located on a separate lot and permitted by this By-Law shall be erected or altered unless it complies with the Minimum Distance Separation formula as established by the Province. For the purposes of this section, definitions shall be determined by the Province.

New buildings and structures must comply with the following:

(a) Application to Existing Lots of Record (MDS 1):

Vacant lots of record that existed prior to January 1, 2007 shall be exempt from the MDS 1 formula as established by the Province.

(b) Application to Settlement Areas (MDS 1):

Notwithstanding any other provisions of this By-Law to the contrary, where an application made under the Planning Act is received, or where a building permit is required to permit development on an existing lot of record, MDS 1 shall not apply to livestock facilities located within an approved settlement area.

(c) Application after a Catastrophe (MDS 1):

Notwithstanding any other provisions of this By-Law to the contrary, where a dwelling is destroyed in whole or in part by a catastrophe, MDS 1 will not be

applied when the dwelling is rebuilt, provided it is built no closer to livestock facilities than before the catastrophe.

(d) Application of MDS 2:

A first or expanding livestock facility permitted by the zone in which such building or structure is to be located shall comply with the MDS 2 formula as established by the Province.

(e) Application after a Catastrophe (MDS 2):

Notwithstanding any other provisions of this By-Law to the contrary, where a livestock facility is destroyed in whole or in part by a catastrophe, MDS 2 will not be applied when the livestock facility is rebuilt, provided it is no closer to surrounding land uses and lot lines than before the catastrophe, and the values of Factor A, B and/or D have not been increased for the livestock facility.

(f) Application to Cemeteries (MDS 2):

For the purposes of calculating MDS 2 for a first or expanding livestock facility, as permitted by this By-Law, cemeteries located within the Institutional (I) zone shall be treated as a Type-B land use.

### **3.21 Mobile Homes and Recreational Travel Trailers**

No person shall locate or use a mobile home or recreational travel trailer in any zone for the purposes of residential, commercial, industrial or institutional uses, temporarily or permanently, unless the use of a mobile home or recreational travel trailer for such purposes is listed specifically in the By-law as a permitted use within a particular Zone or where under a Temporary Use By-law with the Municipality, such is being used for construction or for emergency purposes where a dwelling or other building has been destroyed by fire or a natural disaster.

### **3.22 Non-Complying Buildings Or Structures**

(a) Nothing in this By-Law shall prevent the enlargement, extension, reconstruction, renovation, repair or alteration of a building or structure, which existed at the date of passing of this By-Law, which is used for a purpose specifically permitted within the Zone in which such building or structure is located, where such building or structure does not comply with the setback of one or more yards that is or are less than required under the provision of this By-Law provided that the setback of yard or yards that is or are less than required are not further reduced and that all other provisions of this By-Law are complied with.

(i) Notwithstanding the provisions of this section, where a deficiency is in the front or water yard, any proposed enlargement or extension of a building or structure which existed at the date of passing of this By-Law, shall not exceed 25 percent of the lateral dimension of the existing building or structure.

- (ii) For the purpose of this section, lateral dimension shall mean that part of a building or structure which defines a front or water yard and which is otherwise situated more or less parallel to the corresponding high water mark or road.
- (b) Nothing in this By-Law shall prevent an extension or an addition being made to a permitted dwelling house, which dwelling house existed at the time of passing of this By-Law, but which has a floor area or dwelling unit area less than that required by this By-Law provided such extension or addition does not contravene any other provision of this By-Law.
- (c) The above noted policies are not applicable to buildings or structures located within the Environmental Protection (EP) zone. Redevelopment of the non-complying uses in the (EP) zone is discouraged. Where re-development is the only viable option, the applicant must enter into a site plan agreement with the Municipality, to the satisfaction of the Conservation Authority, regarding flood proofing etc.

### **3.23 Non-Conforming Buildings, Structures And Uses**

- (a) Continuation of Existing Uses:

The provisions of this By-Law shall not apply to prevent the use of any lot, building, structure or part thereof for any purpose prohibited by this By-Law, if such use lawfully existed on the date of passing of this By-Law, so long as it continues to be used for that purpose and the use is not discontinued for a period of twelve consecutive months or longer.

- (b) Exterior Extension:

A building, structure, or part thereof, which at the date of passing of this By-Law was used for a purpose not permitted within the land use zone in which it is located, may be enlarged, extended, redeveloped or reconstructed provided that:

- (i) The enlargement or alteration to the building or structure does not reduce the existing yards except where such yards are greater in size than the minimum required in this By-Law, such yards may be reduced to the minimum yards required by this By-Law;
- (ii) The enlargement or alteration does not create another deficiency or increase the degree of an existing deficiency with respect to any requirements of this By-Law; and
- (iii) All other applicable provisions of this By-Law are complied with as they relate to the enlargement, reconstruction, repair and/or renovation.

(c) Interior Alteration:

The interior of any building, structure or part thereof, lawfully used on the date of passing of this By-Law for a use that is not permitted within the zone that such building, structure or part thereof is located, may be renovated or structurally altered in order to render the same more convenient or commodious for the same purpose for which, at the date of passing of this By-Law, such building, structure or part thereof was used.

(d) Restoration to a Safe Condition:

Nothing in this By-Law shall apply to prevent the strengthening or restoration to a safe condition of any building and/or structure or part thereof, lawfully used on the date of passing of this By-Law, provided that the strengthening or restoration does not increase the building height, size or volume, or change the use of such building or structure or part thereof.

(e) Reconstruction:

Nothing in this By-Law shall apply to prevent the reconstruction of any non-conforming building and/or structure or part thereof, which is damaged by causes beyond the control of the owner. Such reconstruction is only applicable for one year immediately following the date of damage. In the event that an existing non-conforming building is reconstructed within any Residential zone, the new building shall comply with the minimum floor area requirements and attempt to achieve the applicable zoning provisions. Where current zone setbacks can not be met, the new building shall not encroach into any yard more than the previously existing building.

(d) Within the Environmental Protection (EP) zone, reconstruction of the non-conforming use is discouraged. Where reconstruction is the only viable option, the applicant must enter into a site plan agreement with the Municipality, to the satisfaction of the Conservation Authority, regarding flood proofing etc.

(f) Minimum Lot Size:

Except as may be specifically permitted, no part of any existing lot shall be reduced in area or frontage by the conveyance or alienation of any portion of the lot so as to create a situation of non-conformity or increase the degree of non-conformity with this By-law.

### **3.24 Parking Area Regulations**

Parking spaces and areas are required under this By-Law in accordance with the following provisions:

(a) Requirements:

The owner of every building or structure erected or used for the purposes hereinafter set forth shall provide and maintain for the sole use of the owner, occupant or other persons entering up or making use of the said premises from time to time, parking spaces and areas in accordance with the following requirements:

<b>Type of Use</b>		<b>Minimum Parking Requirement</b>
Residential	Single Detached Dwelling, Duplex, Semi-Detached Dwelling, Tri-Plex, Four-Plex or Row House	2 parking spaces per dwelling unit
	Apartment Buildings or Condominiums containing 10 dwelling units or less	2 parking spaces per dwelling unit
	Apartment Buildings or Condominiums containing 11 dwelling units and more	2 parking spaces per dwelling unit for the first 10 units and 1.5 parking spaces per each additional dwelling unit thereafter.
School		The greater of: 1.5 parking spaces per classroom 1 parking space per 3.5 square metres of floor area in the gymnasium 1 parking space per 3.5 square metres of floor area in the auditorium
Restaurant		1 parking space per 9.5 square metres of floor area
Professional or Administrative Office or Public Building		1 parking space per 37 square metres of floor area
Bowling Alley		4 parking spaces per bowling lane
Retail Establishment, Personal Service Shop, Medical Clinic, Dental Clinic, Veterinary Clinic		1 parking space per 18.5 square metres of floor area
Industrial Establishment		1 parking space per 37 square metres of manufacturing floor area
Home Occupation or Home Industry		1 parking space per dwelling unit plus 2 extra spaces
Bed and Breakfast		1 parking space per dwelling unit, plus 1 additional space per guest room

Hotels, Motels, Lodges, Tourist Establishment	1 parking space per bedroom plus the greater of: - 1 parking space for each 4 people that can be accommodated at any one time in a beverage room, liquor lounge, dining room or meeting room; or - 1 parking space per 9.5 square metres of floor area
Assembly Hall, Community Centre or Theatre	The greater of: 1 parking space per 5 fixed seats or fraction thereof; or 1 parking space per 9.5 square metres of floor area; or 1 parking space for each 4 people that may be legally accommodated at any one time
Funeral Home	The greater of: 10 parking spaces; or 5 parking spaces for each 100 square metres or fraction thereof of floor area
Uses Permitted in this By-Law other than those Listed	The greater of: 1 parking space per 2 employees or fraction thereof; or 1 parking space per 4 persons design capacity or fraction thereof; or 1 parking space per 37 square metres of floor area

<b><i>Type of Use</i></b>	<b><i>Number of Handicap Spaces to be Provided</i></b>
Uses with less than 20 parking spaces	At least 1 handicap space per establishment.
Uses with at least 20 spaces and all other uses	1 handicap space is required for the first 20 parking spaces. 1 space for every 20 parking spaces for any use that requires between 20 and 100 parking spaces. In addition, for any use that requires over 100 parking spaces the foregoing will apply to the first 100 spaces and 1 handicapped parking space will be required for every additional 100 parking spaces.

(b) More than One Use on a Lot:

When a building, structure or lot accommodates more than one type of use, the parking space requirement for such building, structure or lot shall be the sum of the requirements for the separate uses thereof.

(c) Location:

The required parking areas shall not form part of any street or lane and shall be provided on the lot occupied by the building, structure or use for which the said parking area is required, except in the case of a non-residential use, the required parking area may be provided on another lot if such parking area is not more than 91 metres from the lot requiring the parking area.

(d) Surface:

Each parking area and driveway connecting the parking lot with a street shall be maintained with a stable surface which is treated so as to prevent the raising of dust or loose particles.

(e) Yard Where Permitted:

Notwithstanding the yard and setback provisions of this By-Law to the contrary, uncovered surface parking areas shall be permitted in the required yards, or in an area between the street line and the required setback as follows, provided that such parking areas shall be subject to the provisions of Section 3.34 hereof regarding sight triangles:

<b>Zone</b>	<b>Yard in Which Parking Area Permitted</b>
Rural, Agricultural	All yards, provided that no part of any parking area, other than a driveway, is located closer than 3 metres to any street line
All Residential zones	All yards, provided that no part of any parking area, other than a driveway, is located closer than the minimum required front yard depth to any street line
All Commercial, Institutional	All yards provided that no part of any parking area, other than a driveway, is located closer than 1 metre to any street line
All Industrial, Open Space	Interior side and rear yards only, except for visitor parking, provided that no part of any parking area, other than a driveway is located closer than 7.5 metres to any street line

(f) Access:

- (i) Access to the required parking spaces and parking area shall be provided from the front lot line or exterior side lot line by means of unobstructed driveways or passageways at least 3 metres, but not more than 9 metres in width.
- (ii) The aisles between parking space blocks within a parking area shall have a minimum width of 6 metres.
- (iii) The maximum width of any combined ingress and egress driveway or any abutting driveways along a common lot line, measured along the street, shall be 9 metres.
- (iv) The minimum distance between a driveway and an intersection of street lines, measure along the street line intersected by such driveway shall be 7.5 metres for all residential uses in all Residential zones and shall be 15 metres for all other uses in any zone.
- (v) The minimum angle of intersection between a driveway and a street line shall be 60 degrees.
- (vi) No driveway shall be established closer than 1 metre to a side lot line, but this shall not apply to prevent the establishment of abutting driveways along a common lot line if their combined width does not exceed 9 metres.

(g) Addition to Existing Use:

When a building or structure has insufficient parking spaces on the date of the passing of this By-law to comply with the requirements herein, this By-law shall not be interpreted to require that the deficiency be made up prior to the construction of any addition. However, no addition may be built and no change of use may occur, the effect of which would be to increase that deficiency.

(h) Use of Parking Areas and Parking Spaces:

All parking spaces and area required herein shall be used only for the parking of operative and currently licensed passenger vehicles and other vehicles used in operations incidental to the permitted use for which parking is required.

(i) Parking Restrictions:

- (i) Parking of the following vehicles is prohibited in all Residential, Institutional and Environmental Protection Zones:
  - Commercial motor vehicles with a rated capacity of 1,016 kg (2,240 lbs) or greater;
  - Unlicensed vehicles;
  - Vehicles equipped with more than three axles, excluding spare wheels, designed to support the weight of the vehicle through contact with the ground;
  - Buses;
  - Vehicles designed to run only on rails;

- Traction engines;
  - Farm tractors;
  - Self-propelled implements of husbandry;
  - Construction equipment;
  - Tracked vehicles, except for motorized snow vehicles and ATV's;
  - Dump trucks;
  - Repair and towing vehicles;
  - Vehicles that are in a wrecked or dismantled or inoperative condition.
- (ii) The parking or storing of a boat and/or its trailer, a recreational travel trailer, or a recreational vehicle measuring more than 6 metres (19.7 feet) in overall length shall be prohibited in all Residential Zones except for a period of no more than 72 hours in any calendar year unless it is stored in an enclosed building.

### **3.25 Pits And Quarries**

The making and establishment of pits and quarries is prohibited except in the locations and in accordance with the provisions of this By-Law, and, no person shall use any land or erect any building or structure for the purpose of processing, washing, sorting, screening or crushing rock, sand or gravel except as provided for in this By-Law.

Notwithstanding any other provision of this By-Law, a wayside pit or wayside quarry shall be considered a permitted use in all zones except any Residential zone, an Institutional (I) zone, or an Environmental Protection (EP) zone.

### **3.26 Planting Strips**

Where the main use of a lot is for a non-residential purpose, other than an agricultural use or home occupation, and the side or rear lot line, or portion thereof, abuts a residential use or undeveloped land in a residential zone, or where such lot is in an Industrial Zone and the front, side or rear lot line abuts a portion of a street, the opposite side of which portion of the street abuts a residential use or undeveloped land in a Residential Zone, then a strip of land, located on the said lot, adjoining such abutting lot line, or portion thereof, shall be used for no other purpose than a planting strip in accordance with the provisions of this section.

Where a planting strip is required by this By-Law, it shall consist of an unpierced and unbroken hedgerow of suitable evergreen or perennial shrub, and shall conform to the following regulations:

- (a) minimum width of planting strip shall be 3 metres;
- (b) minimum planted height of hedgerow shall be 1.75 metres;
- (c) a planting strip may form part of any minimum front, side or rear yard; and
- (d) a planting strip may be interrupted where a driveway or walkway crosses:

- i) a maximum of 3 metres from a driveway; and
  - ii) a maximum of 1.5 metres from a walkway.
- (e) Notwithstanding any of the above, where a planting strip is required, the landowner may erect a privacy fence constructed in such a manner as to provide a solid barrier not less than 1.5 metres and not more than 2.5 metres in height, in lieu of a planting strip. Where such a privacy fence is constructed on a lot, the width of the planting strip adjacent to the lot line may be reduced to 1.5 metres.

### **3.27 Portable Asphalt Plants**

Portable asphalt plants used by a public road authority or their agent shall be permitted in all zones with the exception of all Residential, Institutional and Environmental Protection Zones. The plants must comply with the Ministry of Environment's separation distances and prior to the establishment of such a plant, a certificate of approval must be obtained from the Ministry of Environment.

### **3.28 Private Home Day Care Uses**

Notwithstanding any other provision to the contrary, a private-home day care may be permitted as an accessory use in any zone which permits a permanent single detached dwelling. Such use may be subject to Fire Department and Building Department inspections and approvals as required.

### **3.29 Prohibited Uses**

- a) Noxious Trade: No use shall be permitted in any zone from which its nature or materials therein is declared to be a noxious trade, business or manufacture under the Public Health Act, as amended, or regulations thereof.
- b) Obnoxious Uses: No land shall be used and no building erected, altered or used for any purpose or in a manner which may result in the creation of a nuisance for adjacent uses and without affecting the generality of the foregoing, in particular by:
  - i) Generation of noise or vibration;
  - ii) Emission of fumes, smoke, dust, gas, or offensive or polluted effluents;
  - iii) The unsightly storage of goods, merchandise, salvage, refuse, building material or similar matter; and,
  - iv) Attracting or providing a breeding ground for flies, insects, rodents, vermin and similar pests.
- c) In addition to the uses prohibited in clauses (a) and (b) of this Subsection, all uses of land and the erection or use of any building or structure for a purpose not permitted under the "Permitted Use" subsection of one or more Zones established by this By-Law are and shall be deemed to be prohibited in each such Zone, except for those uses of land and the erection or use of any building or structure for a purpose expressly permitted under the applicable provisions of Section 3.27, 3.30 and 3.37 hereof.

### **3.30 Public Uses**

(a) Public Utilities:

The provisions of this By-Law shall not apply to the use of any land or to the erection of any building or structure for the purpose of providing a public service. However, public buildings shall be prohibited from locating in the Environmental Protection (EP) Zone.

Where such lot, building or structure is located in any zone for a public use, the following provisions shall apply:

- i) Except as otherwise provided in this By-Law, if any public use is located in any Residential Zone, the minimum yard regulations, maximum lot coverage and minimum lot area and frontage regulations shall apply. In addition, any building erected under authority of this section shall be designed and maintained in general harmony with residential buildings of the type permitted in such zone.
- ii) If such public use is located in any other zone, then the minimum yard regulations and maximum coverage regulations shall apply.
- iii) No goods, materials or equipment shall be stored in the open, except as permitted in such zone.

(b) Streets and Installations:

Nothing in this By-Law shall prevent the use of land for streets or infrastructure or prevent the construction, maintenance or repair of such streets or infrastructure.

(c) Provisions in Residential Zones:

Any above-ground non-recreational public use which is located in a Residential zone shall be enclosed in a building designed, located and maintained in general harmony with the permitted residential buildings in such zone.

(d) Railway Setbacks:

Notwithstanding any provisions of this By-Law to the contrary, no residential dwelling shall be located within 15 metres of a railway right-of-way.

(e) Traffic Signs:

Nothing in this By-Law shall prevent the erection of any properly authorized traffic sign or signal.

### **3.31 Setback From High Water Mark**

Notwithstanding any other yard setback provision of this By-Law to the contrary, all buildings, structures and sewage system leaching beds shall be set back 30 metres

from the high water mark. Excepted from this requirement are marine facilities, septic tanks, docks and other water access facilities, pumphouses and minor accessory structures (i.e. gazebos, doghouses, retaining walls, landings, stairs etc.).

Existing buildings and structures which require replacement due to structural defects, fire or natural causes or by demolition permit may be permitted to be reconstructed on the same footprint but are encouraged to meet the 30 metre setback if possible.

Minor variances or zoning by-law amendments from the 30 metre setback for buildings and structures may be permitted only in the following circumstances:

- (a) Where a vacant lot existed as of October 22, 2008; or
- (b) Where the development is an addition of an attached accessory structure such as a deck, sunroom, unenclosed porch or balcony to an existing building or structure.

Sewage system leaching beds on existing lots of record that existed prior to October 22, 2008, which require replacement due to structural damage or malfunction should be set back a minimum of 30 metres from the high water mark if possible or to the greatest setback that is achievable to the satisfaction of the Peterborough County-City Health Unit.

### **3.32 Setbacks From a Provincial Highway or County Road**

(a) Residential Zones:

Notwithstanding the Minimum Front Yard requirements for any Residential Zone:

- i) Where the front lot line abuts a Provincial Highway the minimum front yard shall be 8 metres; and
- ii) Where the front lot line abuts a County Road, and the subject property is not within a Village or other built-up area of the Township (reduced speed zone), the minimum front yard (measured from the centerline of the County Road) shall be 30.48 metres or 15.24 metres (measured from the property line); or
- iii) As determined by the road authority having jurisdiction thereon.

(b) Commercial Zones:

Notwithstanding the Minimum Front Yard requirements for any Commercial Zone:

- i) Where the front lot line abuts a Provincial Highway the minimum front yard shall be 14 metres; and
- ii) Where the front lot line abuts a County Road, and the subject property is not within a Village or other built-up area of the Township (reduced speed zone), the minimum front yard (measured from the centerline of the County Road) shall be 45.72 metres or 30.48 metres (measured from the property line); or
- iv) As determined by the road authority having jurisdiction thereon.

### **3.33 Setbacks From Waste Management Zones**

Notwithstanding any other provisions of the contrary, no residential, institutional or commercial use shall be located within:

- (a) 100 metres of a Waste Management (M3) Zone waste transfer station;
- (b) 120 metres of a Waste Management (M3) Zone salvage yard;
- (c) The recommended distance as per Ministry of Environment (MOE) Regulation D-5-5 of a Waste Management (M3) Zone, sewage treatment plant or sewage lagoon;
- (d) 120 metres of a Waste Management (M3) Zone composting facility or material recover facility;
- (e) 500 metres of a Waste Management (M3) Zone waste disposal site or solid waste landfill site.

The provisions of this section regulating setbacks from a sewage treatment plant or lagoon shall not apply to any lot, building or structure which was lawfully used for such purpose or lots of record existing on the date of passing of this By-Law.

The provisions of this section regulating setbacks from a waste disposal site or solid waste landfill site shall not apply to any lot, building or structure which was lawfully used for such purpose on the date of passing of this By-Law. Vacant lots of record existing on the date of passing of this By-Law may be developed in accordance with the provisions contained in Section 6.2.18.3 (e) of the Official Plan.

### **3.34 Sight Triangles**

On a corner lot, a triangular area formed by the street lines and a line drawn from a point in one street line to a point in the other street line, each such point being 9 metres from the point of intersection of the two street lines, as measured along the street lines, shall be known as a 'sight triangle'. Notwithstanding any provisions of this By-law to the contrary, within any area defined as a 'sight triangle', the following uses shall be prohibited:

- (a) A building, structure or use which would obstruct the vision of drivers of motor vehicles;
- (b) A fence, tree, hedge, bush or other vegetation, the top of which exceeds 1 metre in height above the elevation of the centrelines of the abutting streets;
- (c) A parking lot; and
- (d) A finished grade which exceeds the elevation of the centrelines of the abutting streets by more than 0.5 metres.

### **3.35 Signs**

The provisions of this By-Law shall not apply to prevent the erection, alteration, or use of any sign provided such sign complies with the By-Laws of the Corporation of the Township of Asphodel-Norwood, the County, or the Ministry of Transportation regulating signs, and this By-Law.

### **3.36 Source Water Protection (SWP) Overlay**

Source water protection planning is the first line of defense in a multi-barrier approach that seeks to prevent the contamination or overuse of surface water and groundwater sources of municipal drinking water. This is achieved by evaluating threats to municipal drinking water sources and establishing policies and regulations to prevent, manage, or eliminate threats. The Township of Asphodel-Norwood is located within the Trent Conservation Coalition Source Protection Region and is subject to the policies of the Trent Source Protection Plan.

The purpose of the Source Water Protection Overlay is to prevent the inadvertent approval of Planning Act Applications and/or the issuance of building permits that may result in the establishment of a land use activity(ies) that are significant drinking water threats.

Development applications (i.e. Planning Act applications, building permit applications) for development within the Source Water Protection (SWP) Overlay shall be accompanied by a Notice under Section 59(2) of the Clean Water Act, 2006, as amended.

Existing land uses and/or an expansion of existing land uses which pose a significant drinking water threat activity should be managed pursuant to the Trent Source Protection Plan. Persons undertaking those land use activities that are, or may be, significant drinking water threats may be subject to a Risk Management Plan(s).

Notwithstanding the permitted uses and zone provisions of any underlying zones, the following land use activities shall be prohibited in the Source Water Protection Overlay where they would constitute a future significant drinking water threat, unless otherwise stated in the Trent Source Protection Plan:

- a) The application, storage or management of agricultural source material;
- b) The application, handling or storage of non-agricultural source material;
- c) The application, handling or storage of commercial fertilizer;
- d) The application, handling or storage of pesticide;
- e) The handling or storage of road salt;
- f) The storage of snow;
- g) The handling or storage of fuel;
- h) The handling or storage of a dense non aqueous phase liquid;
- i) The handling or storage of an organic solvent; or
- j) The use of land as livestock grazing or pasturing lands, an outdoor confinement area of a farm-animal yard.

Where the Province or other approval body has issued or approved a Prescribed Instrument, or the Township's Risk Management Official (RMO) issues a Notice pursuant to Section 59 of the Clean Water Act, a land use prohibited above may be permitted in accordance with the provisions of the underlying zone(s) and all other applicable provisions of Zoning By-law 2009-08 as amended.

### **3.37 Swimming Pools**

Notwithstanding anything contained in this By-law, a swimming pool is permitted as an accessory use to a permitted residential use:

- (a) In the front or exterior side yard of any lot if:
  - (i) no part of such pool is located closer to any lot line or street line than the minimum distance required for the principal building located on such lot; and
  - (ii) any building or structure, other than a dwelling, required for changing clothing or for pumping or filtering facilities, or other similar accessory uses, complies with the provisions of this By-Law respecting accessory buildings on such lot;
- (b) In the rear or side yard of any lot if:
  - (i) No part of such pool is located closer to any lot line or street line than the maximum distance required for an accessory building on such lot; and
  - (ii) Any building or structure, other than a dwelling, required for changing clothing or for pumping or filtering facilities, or other similar accessory uses, complies with the provisions of this By-Law respecting accessory buildings on such lot.
- (c) In the Residential Type One (R1), Residential Type Two (R2), Residential Type 3 (R3), Rural Residential (RR) and Limited Service Residential (LSR) zones, a pool shall be prohibited in the front and exterior side yards.
- (d) All other provisions of the Municipal Pool By-Law and/or the Swimming Pool Enclosure By-Law, as amended, shall apply.

### **3.38 Temporary Uses**

The following uses are permitted in all zones: A tool shed, construction trailer, scaffold or other building or structure incidental to construction on the lot where it is situated, and only for so long as it is necessary for the work in progress and until the work is completed or abandoned. Abandoned in this subsection shall mean the failure to proceed expeditiously with the construction of a work.

### **3.39 Yard Encroachments**

Every part of any minimum yard shall be open and unobstructed from the ground to the sky by any structure other than an accessory building or structure permitted elsewhere in the By-Law, provided however, that those structures listed below shall be permitted to project into the minimum required yards indicated for the distances specified:

- (a) belt courses, sills, cornices, eaves, gutters, chimneys, bay windows, pilasters or other ornamental structures may project into any minimum required yard not more than 0.5 metres;
- (b) open and roofed porches, sundecks and balconies may project into any minimum required front yard, exterior side yard or rear yard not more than 1.5 metres;
- (c) exterior stairs and landing may project into any one minimum required side yard not more than 1 metre, and may project into any minimum required rear yard 1.5 metres;
- (d) uncovered patios, awnings, garden trellises, flag poles, planting materials, fences, retaining walls, and similar uses may project into any minimum yard;
- (e) docks, pump houses and other uses required to be located in close proximity to a shoreline may project into any minimum yard.

### **3.40 Mobile Canteens and Mobile Refreshment Vehicles**

Any person wishing to operate a mobile canteen or a mobile refreshment vehicle within the Township of Asphodel-Norwood shall acquire an appropriate license from the Corporation and shall be subject to the regulations of By-law No. 2000-23, as amended, and to the applicable zone provisions contained herein. In the event of conflict between these documents, the more restrictive provisions shall prevail.

### **3.41 Second Dwelling Units**

Notwithstanding any other provision of this By-law to the contrary, a second dwelling unit shall be permitted within a single detached dwelling, a semi-detached dwelling, a row house dwelling or within an accessory structure to these housing types where they are identified as a permitted use. The following provisions shall also apply:

- (a) Only one second dwelling unit per single detached, semi-detached, or row house dwelling is permitted;
- (b) The second dwelling unit may be contained within the primary dwelling unit, or in a building accessory to the residential use, but not in both;
- (c) The second dwelling unit must be clearly subordinate to the primary dwelling unit;
- (d) One off-street parking space shall be provided for the second dwelling unit, in addition to any parking space required by this by-law for the other residential unit(s). The off-street parking associated with the dwelling unit(s) may be stacked.

- (e) Second dwelling units which are located in accessory buildings which are detached from the principal dwelling shall comply with the following:
  - i) shall comply with the residential zone regulations other respective zone;
  - ii) shall not be in the form of a mobile home.
  - iii) if located in a serviced area is to be connected to the municipal water and sewer services;
- (f) Notwithstanding the above, second dwelling units shall not be permitted:
  - i) Within a dwelling that is located in an Environmental Protection Zone (EP) or in a floodplain;
  - ii) Within a dwelling that is permitted accessory to a permitted non-residential use;
  - iii) Within a building that is accessory to ii) above.
